Ayuda resta matriz

The screenshot shows a math tutorial for matrix subtraction. On the left, there's a trophy icon with numbers 159 and 166 above it. In the center, a girl in a blue sweatshirt and grey pants is gesturing while speaking. To her right, a boy in a checkered shirt and shorts is waving. Above them are icons for a house (159, 156), a gear (157, 158), and a question mark (154). A text box contains the following text and equation:

Para restar dos matrices, debemos restar los números que estén en la misma posición, como en el siguiente ejemplo:

$$\begin{pmatrix} 6 & 2 \\ 4 & 5 \\ 2 & 10 \end{pmatrix} - \begin{pmatrix} 5 & 8 \\ 4 & 1 \\ 3 & 1 \end{pmatrix} = \begin{pmatrix} 6-5 & 2-8 \\ 4-4 & 5-1 \\ 2-3 & 10-1 \end{pmatrix} = \begin{pmatrix} 1 & -6 \\ 0 & 4 \\ -1 & 9 \end{pmatrix}$$

A green button at the bottom right says "Continuar".

Ayuda trasposicion matriz

Para trasponer dos matrices, debemos cambiar las filas de una de las matrices a las columnas de la otra, como en el siguiente ejemplo:

$$A = \begin{pmatrix} 1 & 8 & 10 \\ 2 & 100 & -1 \\ -1 & 1 & 1 \end{pmatrix}$$

$$A^T = \begin{pmatrix} 1 & 2 & -1 \\ 8 & 100 & 1 \\ 10 & -1 & 1 \end{pmatrix}$$

FILA 1 COL 1
FILA 2 COL 2
FILA 3 COL 3
